(SEPTEMBER 6th, 2017)

Organized by

Department of

Internet

About the College

IPEC the emblem of excellence, an ISO 9001:2008 certified institute is ranked amongst top 10 colleges of Dr.APJAKTU.

It offers undergraduate programs (B.Tech. degree) in six disciplines of engineering viz. CSE, ECE,EEE, IT, ME and CE.

IPEC includes postgraduate programs (M.Tech.) in three disciplines i.e ECE(specialization:VLSI Design), ME(specialization:Production Engg.), Computer Science & Engineering to fulfill the varied aspirations of its strength of over 3600 earners.

About the Department

Information technology plays a crucial role in coordinating diverse operations of various industries. The department provides solution based training which links to the productivity gains. Its strategy is to help the students to improve their performance by building, optimizing and delivering innovative solutions. The cross platform technologies and highly skilled and qualified faculties facilitate the students to build their career and competencies as per the current market demands.

About the Seminar

Enlighten Summit'17, campaigns to engage, empower, enlighten and bring the efforts of our students and faculty to focus & further share the work we do through this seminar we want to go beyond classroom, beyond campus and above and beyond to make changes happen. The objective of this seminar is to provide a platform for students to enrich their knowledge, character building, cognitive processing and modeling.
