“We not only build the future for our youth, but we build our youth for the future.”

Welcome to **Inderprastha Engineering College**. An exciting, dynamic environment where ambitions, aspirations and the zeal of intellectual exploration come together. An Institute where we prepare students to see and reach beyond horizons. It is our unflinching belief that enriching the minds and nourishing the souls of students is an integral part of education in order to ensure their academic, intellectual and spiritual evolution. Here it is believed that the most significant educational task assigned is to maximize the intellectual development of students in an atmosphere that recognizes and nurtures the uniqueness of the individual.

Our sprawling green campus and its serene setting, state of the art infrastructure, high-tech laboratories aid in honing their skills and empower the young generation of India by imparting futuristic knowledge through quality-oriented multidisciplinary education and providing them with an environment where they can learn, grow and thrive.

Our group of dedicated teaching fraternity will work with aspiring students to maximize the personal growth and holistic development. **IPEC** has created provisions to impart education to promote teaching and research .

An institution which is committed to provide quality education in the area of your chosen discipline with tools which lead to continuous learning, creativity, leadership and inculcate human values. The curriculum is designed by affiliated University (**Dr. APJ Abdul Kalam Technical University**) envisioning to meet the major issues concerning higher education in today's highly competitive global environment we are moving ahead to become a model of excellence in higher education

we believe strongly that our students are emerging leaders who will be pivotal in shaping tomorrow's world and creating positive change and impact.

Once you join this institution of higher studies, be assured that you will leave with the confidence to change the world having the most potent weapon – Right Education.

I welcome you all into the citadel of knowledge.

Ms. Monika Bansal
